Since completing two large, 200-horsepower motors in August 1948, the workers of No 2 Machine Shop of the Kwantung Industrial Company's Shipbuilding Plant have started production of 20 small, 20-horsepower motors, two large, 200-horsepower motors, and two anchor winches. They are scheduled for completion by mid-November.

Ten skilled workers have been summoned by the company to guarantee finishing the project on time. With the all-out effort by the workers and the added equipment furnished by the company, the project is more than 30 percent completed.
